### Corporate Coach Training Days Include

- Full days' training
- Teas/coffees
- Lunch
- Full colour printed course notes
- Written action plan to take away
- Audio download of the 2-day programme
- Access to the post course portal

### Plus three months free telephone coaching

To answer any on-going questions, you will also receive email and telephone support from your trainer after you have attended the course. This will help you whilst you are implementing what you have learned – we will be there if you need us for advice, guidance and coaching.

### The method of training is as follows:

#### The training is to be:

- Delivered in an enthusiastic and interesting way that will involve all the delegates.
- Whilst being consistent with the plan, the training must be flexible and responsive to the needs of the individual delegate group.
- Highly practical, structured and organized.

#### The training method follows this general pattern:

1. The trainer gives a clear explanation of the point in question.
2. The trainer then demonstrates the principle and gives specific examples.
3. Then, the delegates practice by doing an exercise with each other.
4. The delegates practice by doing exercise with the trainer.
5. All points are supported with full written notes to take away.
6. Delegates are asked to write down an associated action, for each point made.
7. (At the end of the day, we have about twenty such actions, from which the delegates choose six which are the most personally meaningful).
